Dear Mr. Parenti,

Thank you for your assistance in enabling my office to acquire the TransDerm Ionto with the Mattioli UltraPeel device. Over the past few weeks, I have had the opportunity to use the TransDerm Ionto component and found it to be very user-friendly. It seems to be functioning very well, as we are receiving good feedback from patients through our use as a transdermal anesthetic modality. The technology is excellent. I look forward to using it for various other applications as well.

Again, thank you most kindly for your assistance. I look forward to keeping in touch with you and your wonderful company.

Sincerely,

Jaggi Rao, MD, FRCPC
